

ESW-C10

400 Watts peak power

For accurate reproduction of movie and music soundtracks

10-inch injected molded cone with Ribbed Elliptical Surround

Provides tight and powerful bass response

Variable Low Pass Filter—40Hz-120Hz

Allows versatile blending using the built-in crossover or your surround processor

Bass-reflex design with down firing port

Provides excellent bass extension

All Energy brand components were developed with these sonic principles in mind:

- Flat On-Axis Frequency Response with Wide Bandwidth**
 Speakers should reproduce the entire audio range in a uniform manner. By ensuring that no one frequency dominates any other, Energy ensures that every note is the way it was intended to be—and the sound is as natural as possible.
- Wide and Constant Dispersion**
 Sound at all frequencies radiating from the speaker should be in an even pattern, in all directions throughout the room.
- Low Distortion and Resonance**
 No speaker system is totally distortion- or resonance-free, but Energy has achieved a significantly lower distortion level—a clearly audible improvement.

SPECIFICATIONS	ESW-C10
Woofer	10-inch (25.4 cm) Injection molded cone with Ribbed Elliptical Surround
Amplifier Power	400 Watts dynamic, 150 Watts continuous
Frequency Response	32Hz-140Hz
Max SPL	102.6dB @ 30Hz, ground plane, 1m
Variable Low Pass Filter	40Hz-120Hz
Phase Control	0°, 180°
Inputs	L + R Line in/Sub in, speaker level in
Power Modes	Off / Auto / On
Units/Carton	1
Dimensions H x W x D (Inches/cm) including feet and grille	17 x 13 x 14.8 inches 43.1 x 33 x 37.6 cm
Product Weight	28 lbs (12.7 kg)
Finish	Black ash cabinet with high gloss black baffle trim
